Seriously Burned When Home Burns
Clay Parker, Mesa rancher, lived five miles north of here. He was seriously and possibly fatally burned early Monday morning when he searched through his burning house for the safe in which he kept his money. The flames in the house broke out at 1 o'clock Monday morning and Parker, who was sleeping upstairs, awoke and found that he had tested the door and found it secure at 4 a. m. so it appears that the thieves got away but a short time before daylight.

The store was ransacked generally and all the other goods of the more expensive variety were taken. Presumably in their entirety, more costly goods even being removed from the models. Nearly a hundred silk dresses valued at \$2,000 were taken together with a hundred silk undershirts, a dozen George's waists, five dozen ladies' linen handkerchiefs, five dozen silk shirts, silk socks, twelve suits of men's clothing, leather belts, silver trunks, men's jewelry and sundry other items.

Exit from the store was made through a door into the back alley. Officers are confident that either an auto or wagon was used in transporting the stolen goods away. Night Captain C. C. Brown stated Monday morning that he had tested the door and found it secure at 4 a. m. so it appears that the thieves got away but a short time before daylight.

TEMPE, March 21.—The Oakley Concert company is an attraction of exceptional musical ability and will appear here at the Chautauqua, March 28. The organization is a trio of unusual merit, and comes endorsed by press and public as one of the most popular companies of the entire three days.

Violin, cello and trombone solos will be freely mixed with readings of more than the usual interests and they will be supplemented by vocal numbers which help to make the two concerts given by this company veritable musical banquets. The selections will range from the most familiar and inspiring classics to the better examples of more recent compositions.

Everybody is urged to attend these concerts as well as the other events of the Chautauqua and the most economical way is by having a season ticket which will admit the holder to all of the lectures and entertainments.

Bundle Stiff
BUNDLE STIFF is one of the fifty-seven varieties of tramps. He is one degree removed from a year because of the fact of his bundle. He is still a tramp because he has no home. He carries in his pack everything he needs to keep house with. His pad to sleep on and cover with, his paper sack for his peek and a tomato can or two.

A tramp ceases to be a tramp when he acquires a home, and so it is with the Bundle Stiff. It could not be said that a man who merely rents a house and moves about over town all his belongings, from pillar to post and from post to pillar, has a home. If he has accumulated a family of a half of dozen or more, it would take a fast automobile a day if he wanted to show the houses where Mary, James, John and the other children were born.

Most Bundle Stiffs are accidental and so are most renters. Ninety-nine out of a hundred will tell you that they expect to buy a home. When, if, but, etc., with the final result in some cases that they are raised, married, live, die and condemn their children to a rented house.

HOME SWEET HOME, never was written by a renter. Men will die for their homes, but not for their landlords. We do not believe, there would be a man in this town who would rent his house if he thought it were possible to do otherwise.

At the same time the above never would have been written, if we were not absolutely sure that we could put every honest man whether he had a dollar or not in his own home. Any man who can pay rent, we will guarantee, can buy a home.
